The topics covered will include: *What qualifies for a rebate, How are rebates evaluated to determine the rebate amount, and How we determine the M&V required.* Rich would like to hear member comments and ideas on ways to improve the rebate as well.

Speaker Biography

Richard Swope received his bachelor's degree in Mechanical Engineering from the University of Texas, San Antonio in 1997.

He began his career with I.A Naman +Associates in Houston Texas designing large commercial HVAC systems.

In 2000, he accepted a position at HEB Grocery Co. in San Antonio Texas as the HVAC Design Supervisor. While at HEB, Rich moved into Energy Management. This change in career path was completed in 2005 when he accepted a position as the commercial energy auditor for CPS Energy, the gas and electric utility of San Antonio.

Rich moved to his current position at Colorado Springs Utilities in 2011 where he manages the large commercial rebates, community solar gardens and the small commercial energy audit programs.

Along the way, Rich earned certifications in Energy Management, Energy Audition, Demand Side Management and Power Quality.

In his free time, Rich is a Patrol Chaplain for the El Paso County Sheriff's Office and a support operator of the EPSO Mobile Command Vehicle.
